Carers Leeds offers free support and information to unpaid carers across Leeds. An unpaid carer is someone who, without payment, provides support to a family member or friend, who, due to illness, disability, dementia, mental health issues or an addiction, cannot manage without their help.

If you're worried, confused or have any questions, Carers Leeds can support you to:

- Understand hospital processes and discharge arrangements
- Get support at hospital meetings
- Navigate welfare benefits
- Talk things through with someone who understands

A Carer Support Worker can arrange to meet you at the hospital or talk to you by phone or email
