The Acts appearing are all giving their time and talents to show their support for the 72,000 carers living in Leeds. With your help, together we can support carers to take care of themselves, whilst caring for their loved ones.
“Leeds City Council Adult Social Care is changing the way we work to develop a ‘strengths-based approach’. This means working together with people to find out what they want to achieve and the best way to do this, supporting people to use their strengths and those of their family, friends and community. The aim is to enable people to achieve their goals, reach their full potential and reduce reliance upon traditional services.

This change in the way we work is essential to help us get better at supporting people to achieve all these things:
- Choice
- Independence
- Being in control of their lives
- Having ordinary lives - family, friends, work, leisure
- Promoting their strengths, to be the best they can be.”

“Here in the Learning Disability Service, we have started a project to make these changes. The project has been named ‘Being Me’ after the Leeds Learning Disability Partnership Board Strategy 2015 – 2018 which tells us, the three main priorities identified by people with learning disabilities as important to them are:
- Being Safe
- Being Well
- Being Connected

The aim of the ‘Being Me’ Project is; a more effective way of identifying family and informal carers and ensuring they receive the support they need.”

**How will this work affect me as a family / informal carer?**

“At the heart of this approach is the involvement and recognition of the fundamental role of informal and family carers, who provide direct care, support, advocacy and in many cases are the “voice” of the person being cared for.

In December 2016, a Carers Leeds blog stated ‘we need to encourage carers to identify as a carer and access the information, advice and support available to them in their caring role’.

A critical part of the ‘Being Me’ Project is to develop a more effective way of identifying family and informal carers and ensuring they receive the support they need. We have already started working closely with Carers Leeds to consider how we can do this and already agreed, staff within the Learning Disability Service will take a more consistent and proactive approach in both identifying family and informal carers, offer support and introduce them to Carers Leeds for more information and support.”

**What are the timescales?**

“The 3 pieces of work we have identified will be tested for 3 months, with the aim of rolling out the strengths-based approach more widely in Winter 2017.”

**Your feedback**

“We want carers to contribute to the development of this approach so that we get it right. We are delighted that Carers Leeds has agreed to get involved. The Learning Disability Service and Carers Leeds will keep you up to date on how the work is progressing.”

Should you have any comments, suggestions or wish to provide any feedback, please contact Carers Leeds on 0113 246 8338.

“A strengths-based approach to care, support and inclusion says let’s look first at what people can do with their skills and their resources and what can the people around them do in their relationships and their communities. People need to be seen as more than just their care needs – they need to be experts and in charge of their own lives.”

Alex Fox, chief executive of the charity Shared Lives

Hello from Step Into My Shoes.

Written by Grace Purnell

By the time you are reading this I will have completed TWO of my ten challenges: Lincoln 10K and Sheffield Half Marathon

Challenge Update
So, you may have been wondering what the mystery event is going to be. This has now been chosen...drum roll please...Canal Canter Summer Extravaganza (3 miles).

I am lucky enough to be joined by our very own Val Hewison who will be participating in this race, as well as a group of colleagues and carers. And best of all, we will be walking it together!

If you would like to get involved in this sponsored walk, please sign up at: https://racebest.com/races/canal-canter-summer-extravaganza. Entry fee is £10 per person. Sponsorship forms are available upon request should you wish to help raise money for Step Into My Shoes.

Unfortunately, I didn’t get a place in the 100 mile bike ride as planned, but do you really think that is going to stop me! I have decided to go one pedal further, and will instead cycle from Yorkshire to ... PARIS! Which is a whopping 500+ miles.

Carers Week Sponsored Walk
Why should I have all the fun, come join me! A sponsored walk will take place during Carers Week, there is an option of a 1 mile, 2 mile, or 3 mile walk. Please see the enclosed Carers Week leaflet for more information.

Want to Get Involved, I Need Your Help
Part of the reason I started Step Into My Shoes was to highlight the challenges that carers face, and recognise the great contribution they make. One way I will be doing this is by sharing carers’ personal experiences through social media and online blog.
