

A Guide to Apps

Included in this guide:

- What are apps?
- How to Download an App

What are apps?

Apps are the little icons you see on your iPad, tablet, or phone (i.e. Facebook, clock, or Google). They are software programmes that serve different purposes and act as different things (i.e. a map, book, or a torch) that you can download via the App Store or Google Play Store. There are all kinds of apps. Some app categories might include: social media, health & wellbeing, entertainment, puzzles & games, shopping, or travel!

If you have any further questions, please feel free to contact 380 4300 for more support.

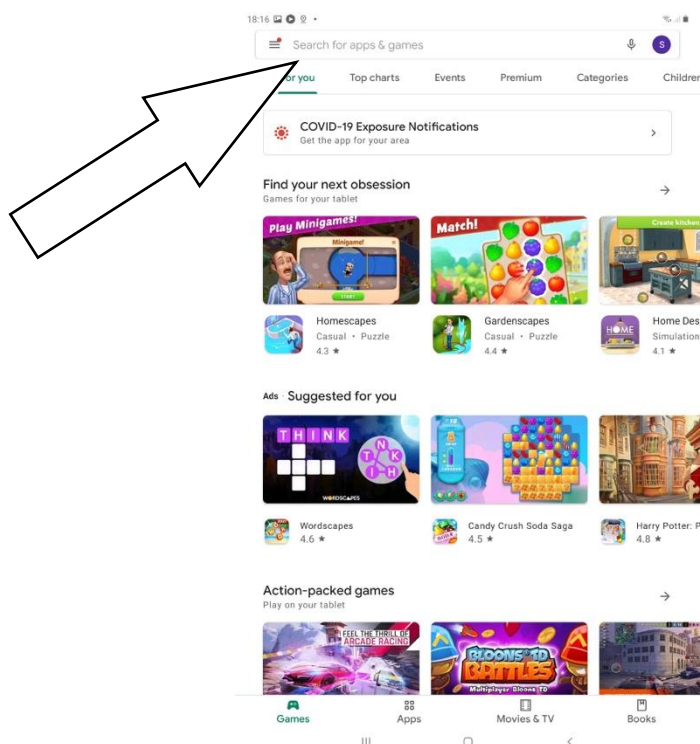

Google Play

How to Download an App

1. Unlock your device.
2. Swipe upwards on your homepage. This will bring up a list of your downloaded applications.
3. Open the 'Play Store' app by tapping on the 'Play Store' icon. This is the logo:

4. Tap the search bar at the top of the screen.

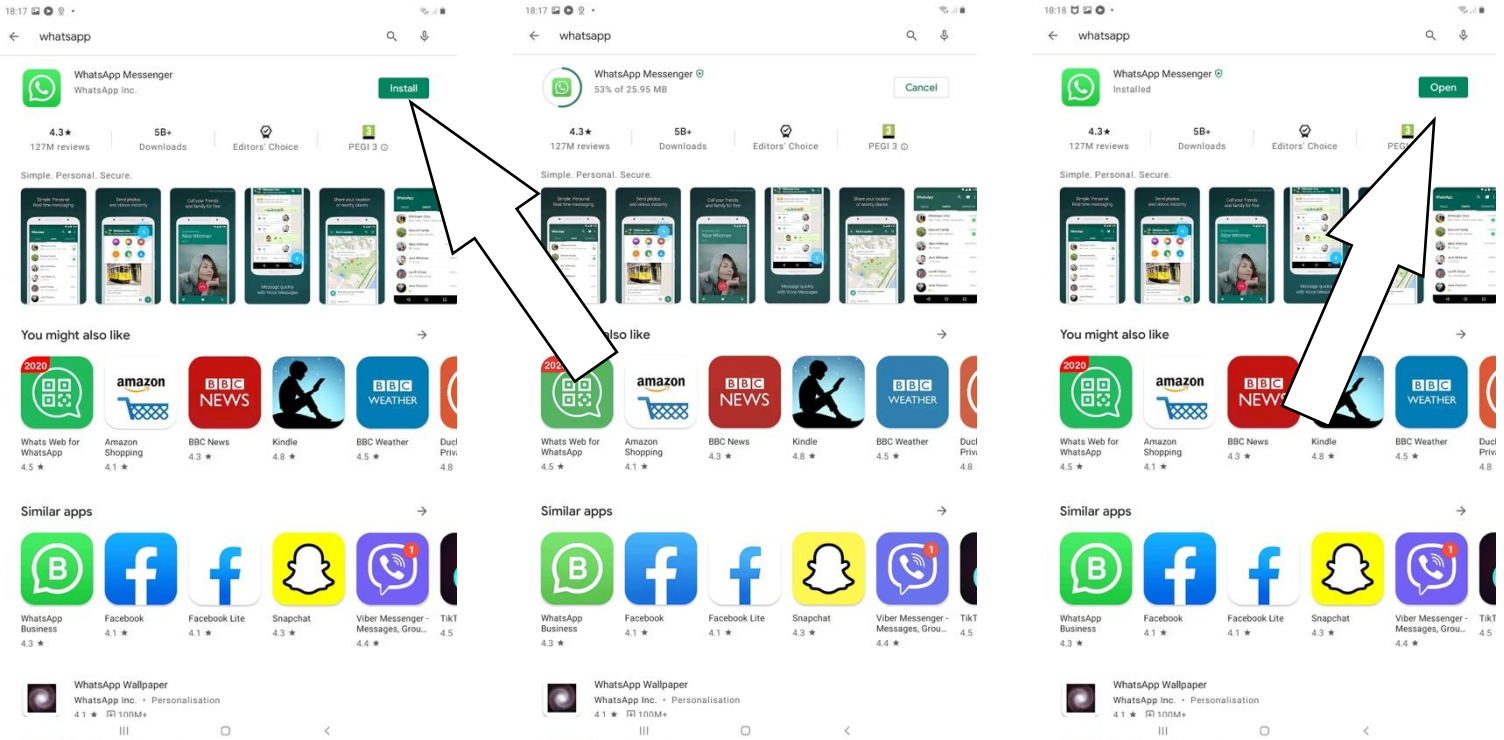

5. This will bring up the keyboard on your device. Type in the name of the app you wish to download (i.e. WhatsApp) and tap the blue magnifying glass on the keyboard to search.

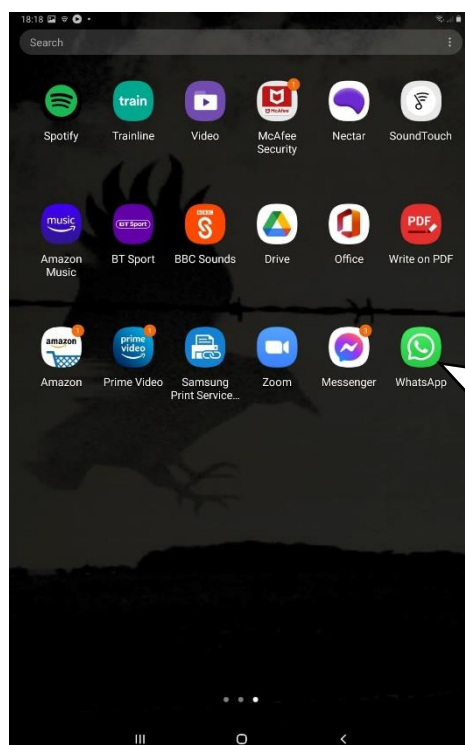

6. Once you have found the app you want to download, tap on the green 'Install' button. Your device will then begin to download the app. You will know the app has downloaded as the 'Install' button will now say 'Open'.

Apps

7. Your app will now appear in your applications.
You have successfully downloaded an app!

Apps

Tip: If you want to delete an app, press your finger on the app for two seconds. A box like this should pop up. Tap 'Uninstall'.
