

How to: Download Zoom onto a Computer

Zoom is a free app that allows us to make video calls with our friends, family, and support networks. At Carers Leeds, we run some of our support groups on Zoom as it is a quick way to connect with others when we can't commit to meeting face-to-face. To use Zoom, you can download it for free on the Google Playstore, App Store, or Google (if using a computer).
