

How to: Sell an item on Vinted

Vinted is a handy app that allows us to sell our old clothes/items to other members of the public. You need to have an account to sell things on Vinted and will also need to link your bank details to the app to be able to receive money from any sales. Once you have an account, all you need to do is upload the items, choose a price, and post the item with the shipping labels provided once somebody buys an item!

Open Vinted on your device. This is the logo:

Select the 'Sell' tab at the bottom of the page.

Select 'Upload photos'. Select the photos of the item you wish to upload then select 'Done'. Note, it is good to add several photos of your item from different angles/perspectives (i.e. collar, front, back, soles) as this will give the seller a better idea of the condition of the item.

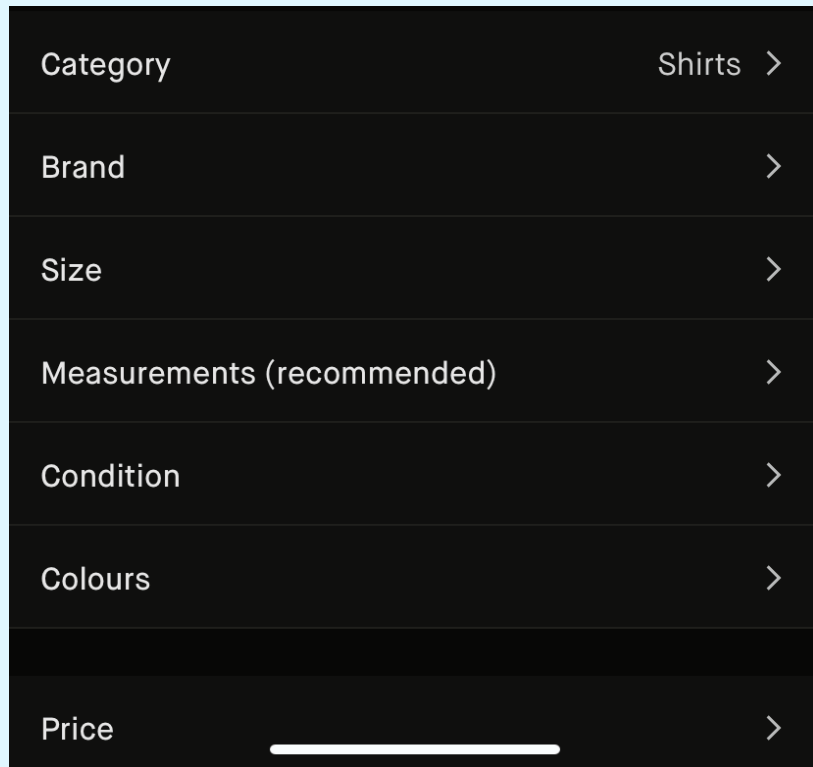

Enter the title of the item and a brief description.

Title
e.g. White COS Jumper

Describe your item
e.g. only worn a few times, true to size

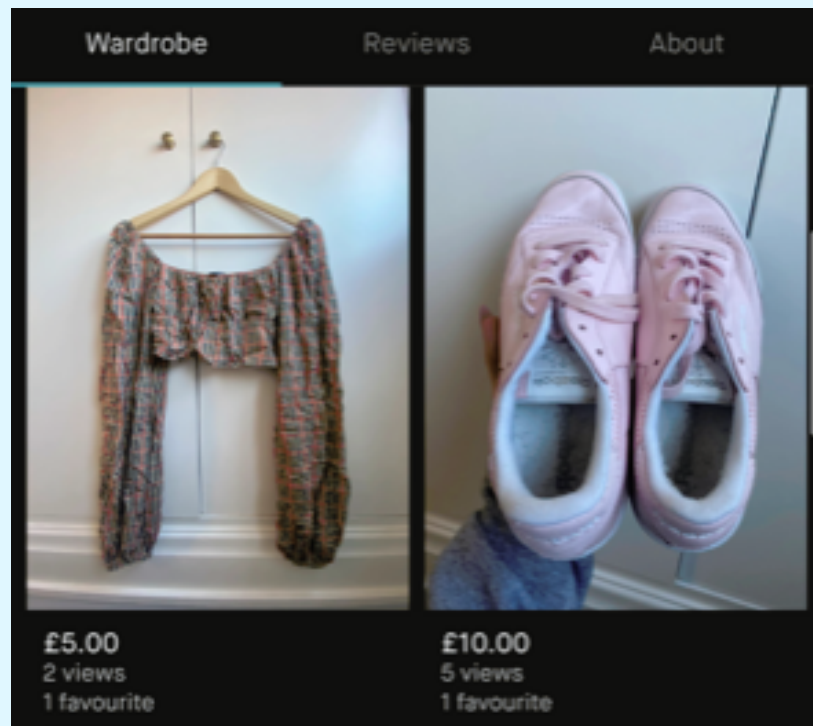

Enter the category, brand, size, colours, and price of the item. Vinted will give you options to choose from and will partially fill out some gaps for you. The more detail you can add to your listing, the better!

When you are happy with your listing, select 'Upload'.

To view your listings, select the 'Profile' tab at the bottom of the page and then 'View my profile'.

Easily check your messages and notifications by selecting the 'Inbox' tab at the bottom of the page.

When you sell an item, you will receive a message from the buyer notifying you of your sale.
