About us

3 in 5 of us will provide unpaid care at some point in our lives. Carers Leeds believes all care counts.

What is an unpaid carer?

An unpaid carer is someone who provides help and support to a family member, friend or neighbour who couldn't manage without their help. This could be due to illness, disability, mental health problems or substance misuse.

What we do

Established in 1996, Carers Leeds is a charity that provides information, advice and support to unpaid adult and parent carers across our city. This includes our Advice Line, carers support groups, one to one support and support in hospitals. Some of our services are universal – open to all carers – and some are targeted at specific groups of carers. Our services are provided to communities throughout Leeds.

We work in partnership with others to deliver our service and to influence them to act to benefit unpaid carers. This involves those working in health and social care and employers.
